2014/2464/P	amsellem	131 grove hall court hall road nw89nt	06/07/2014 23:04:13	SUPPRT	It will change our life. thank you for this great project.
2014/2464/P	Alan Mendoza	27 Grove Hall Court Hall Road NW8 9NR	06/07/2014 10:43:51	SUPPRT	I strongly support this application. From a planning perspective, and as has been proven with the success of a similar scheme in Barnet, the poles and wires will not disrupt the streetscape as they will merge into their surroundings. There is no impact on road safety or traffic flow. The locations chosen to site them appear sensibly chosen to minimise any residual impact still further. There is of course a very important additional factor for officers and councillors to take into account with this application. These poles will make life considerably easier for a section of the resident population who wish to observe Jewish sabbath rules and will now be able to leave their homes on Friday nights and Saturdays. While it is not the role of the Council to pass judgement on religious practices , the fact that this will assist certain residents - without inconveniencing or disrupting the lives of other residents in any way - should be taken into account as a benefit of the scheme. As a borough with a proud multicultural history, I hope Camden officers and councillors will support this proposal accordingly.
2014/2464/P	katya dunitz	flat 21 abbey court abbey road london nw8 0au	06/07/2014 10:42:08	SUPPRT	This will be of great benefit to young families and the elderly with no negative effect on all other residents in the area.
2014/2464/P	Julie Benichou	61A Prioory Road Garden Flat NW63NH	02/07/2014 09:47:09	PETITNSU PP	This Eruv will massively improve our family life. We have 2 little boys, we want them to go to the children service at the synagogue to transmit them our heritage without infringing the laws of Shabbat. Each week, it is a dilemma for us.
2014/2464/P	Elizabeth Fenner	35 Fairfax Place	05/07/2014 09:53:11	OBJ	I object to this application. Our streets have an over-abundance of signage and other clutter. 32 further posts at 15 locations will add to this visual nightmare. At some point the wires will get tangled in passing cranes and other construction plant. I object to the Brondesbury Synagogue trying to impose their religious prejudices and practices on the rest of the community.
2014/2464/P	Elizabeth Fenner	35 Fairfax Place	05/07/2014 09:52:49	OBJ

2014/2464/P	Elizabeth Fenner	35 Fairfax Place	05/07/2014 09:53:11	OBJ	<p>I object to this application.</p> <p>Our streets have an over-abundance of signage and other clutter. 32 further posts at 15 locations will add to this visual nightmare.</p> <p>At some point the wires will get tangled in passing cranes and other construction plant.</p> <p>I object to the Brondesbury Synagogue trying to impose their religious prejudices and practices on the rest of the community.</p>
2014/2464/P	CHARLES CORMAN	24 DALEHAM GARDENS LONDON NW3 5DA	09/07/2014 18:39:10	COMMNT	<p>The Eruv will make life much easier for the elderly, the infirm and those with children .</p> <p>The poles will cause no material environmental damage.</p>
2014/2464/P	Boumendil	Flat 10 grove end gardens Grove end Road	02/07/2014 19:16:29	COMMNT	<p>Allow wheelchair-bound persons of all ages likewise to leave their home with their carers to pursue any other social and leisure activities.</p>
2014/2464/P	Raphael	118 Belsize road	02/07/2014 18:45:48	SUPPRT	<p>Our children are still in age of being in a pushchair and we cannot go out on Friday night and all day Saturday unless this ERUV is validated. So we would like to go out with our children to go to pray in our synagogue or to go to friends to share meals after having worked hard during a long and stressful week. This is the beginning of our weekend and we would like to start it serenely and with the whole family able to do the same activities and share this wonderful moments. Note that this will also allow senior and disabled people to go out on Friday night and all day Saturday. Indeed they will be allowed to ask a relative to push the wheelchair during that time which is not possible without the ERUV. The ERUV is inconspicuous and will not affect the landscape in the street where it will be set up. It will give new opportunities for the hundreds of families who lives in Brent and Camden.</p>
2014/2464/P	Robert Goldschmidt	15 Lyndale Ave	07/07/2014 09:09:12	SUPPRT	<p>I just wanted to write with my support for this planning application. I live on Lyndale Avenue in barnet just outside the eruv. This application will enhance the lives of so many enabling families to get together on Saturdays allowing the pushing of buggies and wheelchairs within the designated area. I find it hard to comprehend how people can object to this. The poles that need to be installed are unobtrusive compared to our other street furniture and once in place people are normally unaware of them.</p>
2014/2464/P	Joshua Pines	24 Avenue Mansions Finchley Rd NW3 7AX	07/07/2014 12:36:55	SUPPRT	<p>I wholeheartedly support this initiative.</p>

Application No:	Consultees Name:	Consultees Addr:	Received:	Comment:	Response:
2014/2464/P	Maurice Helfgott	5 Dunstan Rd London NW118AG	07/07/2014 11:58:06	COMMNT	I believe that there should be no objection to these poles. they will have negligible if any visibility and will result in many families benefitting without harm to others. The scheme is carefully considered and should be commended. Thank you .
2014/2464/P	Lisa Preiskel	294 West End Lane London NW6 1LN	06/07/2014 11:32:14	SUPPRT	i support this project as this will allow fuller use of the existing social, religious and community facilities provided by the Brondesbury Park synagogue and other activities by ALL members of the community, without exception, in accordance with traditional Jewish law and thereby allowing expansion of the range of these community activities
2014/2464/P	Frederic Batoua	67D Greencroft Gardens 2nd floor London NW63LJ	06/07/2014 11:28:27	SUPPRT	I am a great supporter of the Eruv. I have seen many other in London and in other country and this is of a huge added-value with no downside, as poles can hardly be noticed.
2014/2464/P	Ron Korczak	Flat 2 113 Canfield Gardens London NW6 3DY	06/07/2014 11:24:48	SUPPRT	The eruv will be of a great help for parents of young child, elder people and disabled. Every one will be able to equally benefit from the social activities. Every one will benefit from an Eruv.
2014/2464/P	Elizabeth Adams	41 Granville Road Wood Green London N22 5LP	06/07/2014 10:03:19	OBJ	I strongly object to this request for an 'eruv'. One religious group cannot be allowed to spoil the local environment of the community as a whole. Some Jewish families have been quoted as saying they are housebound on Saturdays where there is no 'eruv', but whose fault is that? In California, there have been reported cases of 'eruv' causing the death of birds. I beg you to refuse this application - 'eruv' only serve to divide communities.
2014/2464/P	David Elias	65 Springfield Road NW8 0QJ	03/07/2014 23:25:41	SUPPRT	I strongly support this application to build an eruv. This will allow Sabbath-observant Jewish people to leave their house with prams or wheelchairs on the Sabbath where they are needed. The presence of thin poles and wires will not be noticeable once installed, as has been the experience in other eruvs successfully set up elsewhere in North West London. This will significantly improve the quality of life of a proportion of the local community at no cost financially or aesthetically to the rest of the community.
2014/2464/P	aantoine	cameron house st johns wood terrace	03/07/2014 12:42:35	SUPPRT	I strongly support this Eruv project which would allow observant jew to have much more social and leisure activities. The eruv built in other areas are very rarely noticed by neighbourhood and should not cause discomfort to anyone as it is almost invisible.

Application No:	Consultees Name:	Consultees Addr:	Received:	Comment:	Response:
2014/2464/P	Aviva Goldschmidt Kaufmann	55 Brim Hill London N2 0HA	07/07/2014 07:58:20	SUPPRT	The erection of an eruv will only enhance the lives of religious Jews living within it. Without an eruv, a family with children who cannot walk, including those who are disabled, are unable to go out all together as one is not allowed to carry or push a buggy or wheelchair. Eruvs currently erected in Barnet and Borehamwood have shown that the only impact on the community has been positive. My parents, who live in Camden, are starting to find it difficult to walk. I do not want them to end up housebound on the day when they should be able to go to synagogue and meet their friends. A basic right. I live within the Barnet eruv. One would be hard pushed to identify the poles and strings as they are so well sited and not obvious. As a mother of four children, the eruv has enhanced my life immeasurably.
2014/2464/P	Rachel Summerfield	78 lawn rd nw3 2xb	22/07/2014 12:56:51	SUPPRT	As in other areas of London, this 'eruv' will cause no noticeable difference to the area, except to be of massive benefit to the religious Jewish community who live in the area. I therefore think it should go ahead, to help some of Camden's residents.
2014/2464/P	G Power	NW6 3EA	02/07/2014 21:28:00	COMMNT	The Jewish population have contributed a lot to the area over the last 100 years or so and yet why is it is only now that they want to put up an Eruv. I do not understand why the area should favour a small group of people from a particular religious community. London is a mixed community, and in any case the official religion is the Church of England in the UK, so I do not understand why this is being considered. I have not included my full details because of fear of being seen to be prejudiced, and to suffer the subsequent consequences. If the details of my address will not be made public I am prepared to include them, so if you can please confirm by text. Many thanks
2014/2464/P	Neil taub	12 alverstone road	04/07/2014 15:07:29	COMMNT	<p>Allow wheelchair-bound persons of all ages likewise to leave their home with their carers to attend synagogue or pursue any other social and leisure activities.</p> <p>* Facilitate the community extending its communal and social activities equally to all its members whilst avoiding compromising Sabbath laws.</p> <p>* Allow fuller use of the existing social, religious and community facilities provided by the Brondesbury Park synagogue and other activities by ALL members of the community, without exception, in accordance with traditional Jewish law and thereby allowing expansion of the range of these community activities.</p> <p>Allow the residents of the extended eruv area to enjoy the same additional growth, cohesion and participation of young families including children in buggies, as well as infirm members, as has been demonstrated within all other established eruvs, e.g. NW London, Edgware, Stanmore and Belmont to name just a few.</p> <p>* And finally, the siting of the poles and wire has in each location been very carefully selected to minimise visual impact. Existing 'Eruvs' have shown that the poles and wire are virtually invisible once installed, merging as they do within the streetscape, and have to be positively sought out to be noticed.</p>

Application No:	Consultees Name:	Consultees Addr:	Received:	Comment:	Response:
2014/2464/P	Laurance Racke	10 York Terrace West London NW1 4QA	19/07/2014 12:48:06 INT		<p>Dear Members,</p> <p>I write in support of this application, as I am sure the committee members will be aware that driving or riding is forbidden for Jews on the Sabbath and Holidays.</p> <p>If approved, an Eruv would make a very big difference to the Jewish Community in that disabled people in wheelchairs would be able to attend Synagogue services as well as the other festivals. In addition young families would be able to carry bags and push their children to Synagogue in buggies which is currently forbidden under Jewish law.</p> <p>The poles which meld into the surrounding area with other signs, lamposts etc. and the clear wire make the Eruv so inconspicuous as to be hardly noticeable. This is evident in other areas where an Eruv has been approved and erected.</p> <p>I trust the application will be approved as it will greatly enhance the lives of Camden residents of the Jewish faith of which my 90 year old father-in-law and other residents who live in Young House on Willesden Lane, are some.</p> <p>Yours sincerely Laurance L Racke</p>
2014/2464/P	TOBELEM	21 goldhurst terrace 9 rosslyn mansions NW63HD	14/07/2014 19:40:37 SUPPRT		<p>The approval of this application is crucial as it will allow elderly persons as well as mothers and young children to reach the premises fo the synagogue, therefore performing their religious duties. Also it will contribute to a better community life in these neighbourhood and certainly improve the quality of life of all the residents in the area.</p>
2014/2464/P	Ayse Marks	20 Marston Close London NW64EU	06/07/2014 22:00:46 SUPPRT		<p>I am an unconditional support of an eruv in our area. All orthodox will now be able to fully benefit from social life on Saturday (shabath) and faciliate parents with young childer, elder and disabled people to leave their home and socialise on Saturday (shabath).</p>
2014/2464/P	Marc Touboul	Randolph Avenue	02/07/2014 14:41:58 SUPPRT		<p>An Eruv would allow parents of young children and wheel chair bound and other infirm persons to leave the perimeter of their home to attend synagogue services and social and other leisure activities during the shabbat without infringing shabbat laws. Once set, the pole and wires are virtually invisible.</p>

2014/2464/P	Benjamin Levine	45a Priory Road London	03/07/2014 10:30:52	SUPPRT	<p>Hello,</p> <p>I would like to express my support for the proposed construction of an 'eruv' in my local area. I feel that it's construction, whilst having minimal effect on surrounding communities, would allow members of the Jewish faith to express their religion freely and openly.</p> <p>In particular, for those members of the Jewish faith who wish to make use of the 'eruv' it will enable both parents of young children to leave the perimeter of their homes to attend synagogue for both prayers and social functions on Friday evenings and Saturday. Support of communal and family life is something I'm in support of.</p> <p>In addition, it will allow wheelchair-bound persons of all ages likewise to leave their home with their carers to attend synagogue or pursue any other social and leisure activities.</p> <p>As seen in other 'eruv' constructions (namely in the Golders Green, Hendon, Elstree and Borehamwood and Preswich, North Manchester areas) it allows the residents of the eruv area to enjoy additional growth, cohesion and participation of young families including children in buggies, as well as infirm members. I would appreciate the same opportunities to be available in my area.</p> <p>I support the construction of the 'eruv'.</p> <p>Kind regards, Benjamin Levine</p>
2014/2464/P	CHOKRON	78 Apsley House	06/07/2014 19:36:14	SUPPRT	<p>This is a key initiative that I strongly support for various reasons:</p> <ul style="list-style-type: none"> - it allows all members of the community to have a social life on Fridays and Saturdays - it demonstrates that we care about others, particularly young mothers and disabled people - it is almost invisible hence does not disturb others <p>Thank you!</p>
2014/2464/P	Alexis Dwek	135 Grove Hall Road Hall Road NW8 9NT	06/07/2014 13:50:57	SUPPRT	<p>I strongly support the Eruv. It will permit us to leave our homes for all activities without infringing Sabbath laws.</p> <p>Thank,</p> <p>Alex</p>
2014/2464/P	Alexis Dwek	135 Grove Hall Road Hall Road NW8 9NT	06/07/2014 13:50:36	SUPPRT	
2014/2464/P	dana warcel	25 linstead street nw62ha london	06/07/2014 19:22:58	SUPPRT	i support this application. it is a very good initiative that respects the rights of everyone

2014/2464/P	Amy Donoff	9 Briary Close	25/07/2014 19:35:40	SUPPRT	<p>This will enhance the lives of many Orthodox Jewish people on the Sabbath. As we are unable to carry at all outside of our homes, with the eruv, disabled people will be able to get out with wheel chairs, young families will be able to get out with buggies and all Jews can benefit from being able to carry essential items with them to friends, family, synagogue and other places.</p> <p>It is worth noting that these poles will have no negative impact on the sites and local streets and will be hardly visible as are designed to merge in with the environment well.</p>
2014/2464/P	Olivier Gozlan	Flat 8 Alvanley Court 250 Finchley Road London NW3 6DL	01/07/2014 16:46:50	SUPNOT	<p>I strongly support this application as this will hugely improve a group of people (orthodox jews) without changing anything to anyone else.</p> <p>Many Eruvs already exist in London, without the possibility to even notice them.</p>
2014/2464/P	Teo Lasarte	123 King Henry's road Flat 5	01/07/2014 23:16:03	OBJ	<p>I object to this planning application. Religious symbols should not be installed on public property. Camden is a multicultural area and no religious group should be given preference over others.</p>
2014/2464/P	Ashley Donoff	9 Briary Close	25/07/2014 19:32:09	SUPPRT	<p>This eruv will enhance the lives of those orthodox Jews in the area since they will be able to attend synagogue, visit friends and family and be able to get out and carry. Those especially able to benefit will be the disabled including those in wheelchairs, your families with babies or young children who need to be pushed in a buggy and will benefit all others who are able to carry necessary items with them on the Sabbath.</p> <p>It is important to note that these poles and wire are barely visible to the those unaware of their presence. Also it will have almost no street impact as will be designed to match existing street furniture.</p>
2014/2464/P	Gordon	42 corringh London	03/07/2014 13:31:20	SUPPRT	<p>Fantastic idea. what an amazing service the council can provide to the community with this approval of the eruv</p>
2014/2464/P	Gordon Kuper	42 corringham road	03/07/2014 13:30:33	SUPPRT	
2014/2464/P	Amar	2 belsize grove	03/07/2014 11:24:54	SUPPRT	<p>I fully support this application. It will enable to bring a whole community together and change many people lives, among those families with young children, disabled and elderly people. - I.e some of the most vulnerable ones who really need feel part of a community.</p>

Application No:	Consultees Name:	Consultees Addr:	Received:	Comment:	Response:
2014/2464/P	Alex Marcuson	5 Menelik Road London NW2 3RS	04/07/2014 10:41:19	SUPNOT	<p>I would like to support this planning application.</p> <p>The proposed arrangements will considerably assist many Jews living in the area comply with matters of faith while seeking to have little or no impact on the lives of others.</p> <p>As I understand it, the main benefits of this proposal are to permit Jews who are wheelchair bound, or have young children, to travel to prayers and community functions on Friday evenings and Saturdays without breaking religious laws relating to Sabbath. This will significantly increase their quality of life and ability to enjoy the amenities of the area (parks, places of worship, etc) for the whole of the week.</p> <p>As far as I am aware, there is no other intended religious or other significance arising from the proposals.</p> <p>I believe the council should be satisfied that the poles installed should not have bring about any material visual impact to the locations where they are installed. Having looked at the pictures on the council web-site accompanying the application, this appears to me to be the case.</p> <p>I gather that there is an existing eruv, with associated poles, in the Golders Green and Hampstead Garden Suburb area. As someone who regularly drives to and through this part of London I can confirm that I have not noticed their location. This suggests to me that, properly implemented, their visual impact is likely to be minimal on our neighbourhood.</p>
2014/2464/P	Patrick Fitoussi	129 Hamilton Terrace NW89QR London	02/07/2014 14:11:29	SUPPRT	Enable both parents of young children to leave the perimeter of their homes to attend synagogue for both prayers and social functions on Friday evenings and Saturday.
2014/2464/P	Batoua	21 adamson road London NW3 3HX	02/07/2014 14:10:57	PETITNSU PP	I am fully supportive Thanks, Sophie.
2014/2464/P	Batoua	21 adamson road London NW3 3HX	02/07/2014 14:10:36	PETITNSU PP	I am fully supportive Thanks, Eric.
2014/2464/P	David Cohana	24 Priory Road London NW64SG	05/07/2014 23:24:13	SUPPRT	This is a great initiative and i am so proud to be in an area with such facility. I know many people who will greatly benefit from it.

2014/2464/P	Andy Blackstone	106 Chatsworth Road NW2 5QU	04/07/2014 15:39:16	SUPPRT	<p>This is a wonderful idea, and will enable cultural diversity in the borough.</p> <p>These small almost invisible items, will enable religious Jewish people to walk between their houses.</p> <p>This in turn will reduce traffic and congestion, by allowing people to live in an area, instead of driving to an area.</p>
2014/2464/P	myriam bouhnik	09 Stirling mansions 12 canfield gardens london nw6 3jt	02/07/2014 14:55:34	SUPPRT	<p>Dear Sir/Madam,</p> <p>We are a young family with three young children aged 2,6 and 8 living on Canfield Gardens, therefore within the area covered by this eruv plan. Having an eruv will allow me and my family to use a pushchair on Saturday to go to synagogue, to the park and visit friends and family. At the moment my child is too young to walk to these places and therefore I cannot take him out on this day. I would be most grateful if you could approve this application request as it will bring joy to numerous families with young children, improve the life of elderly residents who requires sticks, wheelchair and other aid to move along, as well as the life of disabled people. The poles and wires required for the installation of the eruv are discreet and non invasive and will make a huge difference to the life of many. I come from France and have been living and working in the UK for 14 years, I love living in London because it is a multicultural city that allows everyone to live their life in accordance with their faith and belief, in harmony and respect with their neighbours. Thanks a lot for your consideration.</p>
2014/2464/P	Danielle Leon	31 Somali Road London NW2 3RN	08/07/2014 12:24:54	SUPPRT	<p>This will enable us a family with 3 young children to leave the perimeter of our home to attend synagogue for both prayers and social functions on Friday evenings and Saturday. It will also allow wheelchair-bound persons of all ages likewise to leave their home with their carers to attend synagogue or pursue any other social and leisure activities.</p>
2014/2464/P	Caroline Bensoussan	28 Eton Court Eton Avenue NW3 3HJ	06/07/2014 00:14:50	SUPPRT	<p>The ERUV will be a huge practical benefit for the Jewish community, especially the ones with young babies or for the ones with wheelchairs to leave their home on any day, and get to enjoy social activities inside the community but also with friend or simply outside the community.</p> <p>It seems anyway a very minor change to landscape and therefore with only 15 clear wires across the whole perimeter is not a nuisance at all. Other ERUVs in other areas have proven to be successful.</p>
2014/2464/P	Eric Bensoussan	28 Eton Court Eton Avenue NW3 3HJ	06/07/2014 00:12:53	SUPPRT	
2014/2464/P	Ilan Tamsot	Flat 4 Hanover Gate Mansions London NW1 4SJ	05/07/2014 23:37:39	SUPPRT	<p>This will allow mum with young children and wheelchair-bound persons to leave their home and attend social activity on Saturday. This will be a major added-value to the area and i am now concidering moving inside this Eruv</p>

2014/2464/P	Jacques BENHAMOU	115 BRIDGE LANE NW119JT	02/07/2014 14:19:12	SUPPRT	Sirs, i am strongly in favor of this as it will enable parent s and children to live their jewish identity in full. it will enhance communal and social activities in the region.
2014/2464/P	Benveniste	Grove en jardins	02/07/2014 14:16:09	COMMNT	I do support it
2014/2464/P	Robert Salem	16 Avenue Road NW8 6BP	02/07/2014 14:12:18	COMMNT	GREAT IDEA
2014/2464/P	Richard Taylor	99 Fellows Road NW3 3JS	04/07/2014 16:27:31	SUPPRT	I am very strongly in favour of an eruv being erected in the area. It is important to allow Shabbat observance in the area and allows carrying, pushing buggies and wheelchairs and scooting. No one will notice the eruv at all
2014/2464/P	Jeanette Murch	Flat 1 36 Lowfield Road London NW6 2PR	04/07/2014 18:17:49	OBJ	If one follows a particular religion then one should abide by all its tenets and not try to circumvent them. I therefore strongly oppose this application. Furthermore, in a multi-faith society no one religious group should be allowed to impose its requirements on the majority.
2014/2464/P	MALLET	Flat 7C 55 Marlborough Hill London NW8 0NG	02/07/2014 16:54:45	SUPPRT	Enable both parents of young children to leave the perimeter of their homes to attend synagogue for both prayers and social functions on Friday evenings and Saturday Permit them to leave their home for all other social or leisure activities without infringing Sabbath laws
2014/2464/P	BIJAOU	107 DARTMOUTH ROAD	01/07/2014 17:49:15	SUPPRT	<ul style="list-style-type: none"> • Enable both parents of young children to leave the perimeter of their homes to attend synagogue for both prayers and social functions on Friday evenings and Saturday. • Allow the residents of the extended eruv area to enjoy the same additional growth, cohesion and participation of young families including children in buggies, as well as infirm members, as has been demonstrated within all other established eruvs, e.g. NW London, Edgware, Stanmore and Belmont to name just a few.
2014/2464/P	Maurice Salama	77 Princes Park Avenue NW11 0JS	02/07/2014 14:48:10	SUPPRT	I am very much in support of this application as the Eruv will enable both parents of young children to leave the perimeter of their homes to attend synagogue for both prayers and social functions on Friday evenings and Saturday. Furthermore, there will be minimal visual impact of the poles in place.

2014/2464/P	Arieh Gilbert	93 Marlborough Mansions Cannon Hill London NW61JT	11/07/2014 17:22:03	SUPPRT	<p>On reviewing the Eruv application I would like to add my view that this should be strongly supported.</p> <p>An Eruv effectively provides support to the Jewish community to carry on their Sabbath. This therefore is a huge benefit to those who need the ability to carry to lead an enhanced life on those days especially the old, families with young children, and others with assisted support requirements (key age and related demographics that need our strongest support). I note that the impact the physical changes would have are very small as has been proven in other areas - and therefore the net benefit to the community and society is large.</p>
2014/2464/P	BRUNO DHOOSCHE	Flat 7C 55 Marlborough Hill NW8 0NG	07/07/2014 14:04:29	SUPPRT	<p>If the project enables families to better enjoy living in Camden I see that as a positive. It will create a positive spiral from the jewish community back into the overall Camden community.</p>
2014/2464/P	Louise Emery	37a Fordwych Road London NW2 3TN	08/07/2014 11:22:52	COMMNT	<p>I object to this planning application. Thereis enough street furniture in our area as it is. Adding these would just clutter up the area more. From comments made by the wider community in local papers and social media, I understand that this doesn't even benefit the wider community, just a select few, and is not supported by the entire Jewish community.</p>
2014/2464/P	G. Abrahams	19 Tenterden Drive NW4 1EA	04/07/2014 15:36:48	SUPPRT	<p>I Live in Barnet and have benefited greatly since the NW London eruv began 11 years ago.</p> <p>Stop anyone on the street and I have no doubt they would never have noticed the eruv poles or wire. They simply blend into the landscape.</p> <p>All Orthodox Jews have benefited greatly from all the eruv in greater London with no inconvenience whatsoever on members of the neighbourhoods with no interest in the eruv.</p>

2014/2464/P	Louise Goldschmidt	38 Westbere Road West Hampsetad London NW2 3SR	07/07/2014 18:06:12	SUPPRT	<p>The proposed Eruv will enable parents, children and the wheelchair-bound to attend services and communal activities from Friday afternoon until Saturday night without infringing on any religious laws. This will thus boost these communities and their services, increase the range of activities that synagogues and other communal hubs can host on these days, and allow for the visiting of elderly family members over the cause of the Sabbath. Under the current arrangement, where we are bereft of an Eruv, many parents and handicapped people are housebound throughout the day, and thus unable to attend services, and participate socially and religiously in the community understandably causing much disquiet.</p> <p>The 'existing Eruvs' elsewhere in NW London have shown how Eruvs can and do boost communities and enable to people to participate in their social and religious life without an infraction of Jewish law.</p> <p>The poles erected to facilitate the Eruv are deliberately placed in the most inconspicuous, if not invisible, places and do not cause any harm to the aesthetics of wildlife of these areas, as erroneously suggested by critics and opponents. Existing Eruvs have demonstrated that the poles and wire are virtually invisible once installed, merging as they do within the streetscape, and have to be positively sought out to be noticed.</p> <p>For the reasons above, it is clearly imperative that Camden Council support the speedy erection of such an Eruv in our area.</p>
2014/2464/P	Louise Emery	37a Fordwych Road London NW2 3TN	08/07/2014 11:22:30	COMMNT	I object to this planning application. There is enough street furniture in our area as it is. Adding these would just clutter up the area more. From comments made by the wider community in local papers and social media, I understand that this doesn't even benefit the wider community, just a select few, and is not supported by the entire Jewish community.
2014/2464/P	Elie Scemama	37 Fairhazel Gardens London NW63QN	06/07/2014 11:57:13	SUPPRT	This Eruv will be a great "mechanism" that will benefit so many people including myself and all my family without changing anything for the other. This is great and I am a clear supporter.

2014/2464/P	Jonathan Ainley	45a Priory Rd	06/07/2014 15:30:21	SUPPRT	<p>I would like to express my support for the proposed construction of an 'eruv' in my local area. I feel that it's construction, whilst having minimal effect on surrounding communities, would allow members of the Jewish faith to express their religion freely and openly.</p> <p>In particular, for those members of the Jewish faith who wish to make use of the 'eruv' it will enable both parents of young children to leave the perimeter of their homes to attend synagogue for both prayers and social functions on Friday evenings and Saturday. Support of communal and family life is something I'm in support of.</p> <p>In addition, it will allow wheelchair-bound persons of all ages likewise to leave their home with their carers to attend synagogue or pursue any other social and leisure activities.</p> <p>As seen in other 'eruv' constructions (namely in the Golders Green, Hendon, Elstree and Borehamwood and Preswich, North Manchester areas) it allows the residents of the eruv area to enjoy additional growth, cohesion and participation of young families including children in buggies, as well as infirm members. I would appreciate the same opportunities to be available in my area.</p> <p>I support the construction of the 'eruv'.</p>
2014/2464/P	M. Eman	33 Grove End Gardens	03/07/2014 00:34:17	SUPPRT	<p>I would like to support the application for the Eruv for the Camden area because the Eruv would facilitate practicing orthodox jewish parents of juveniles who necessitate transport by pram to leave their home in order to attend synagogue services and social activities from Friday evening to Saturday night without infringing the laws of Sabbath.</p> <p>In addition, the Eruv would also enable wheelchair-bound and disabled persons of all ages to leave their homes with their carers to attend synagogue or pursue any other social and leisure activities on the Sabbath. The siting of the poles and wire has in each location been very carefully selected to minimize visual impact. Existing 'Eruvs' have shown that the poles and wire are virtually invisible once installed, merging as they do within the streetscape, and have to be positively sought out to be noticed. In addition, there is no impact on road safety or traffic flow. A number of other planning permissions have been granted for Eruv poles including Mill Hill, Woodside Park, Hampstead Garden Suburb, Edgware, Elstree, Borehamwood, Bushey, Belmont and Stanmore. The construction of these Eruvin has in no way impacted adversely on the local population.</p>
2014/2464/P	Micaela Taube	83 Priory Road	02/07/2014 16:05:28	SUPPRT	<p>The Eruv will allow families to attend synagogue for both prayers and social functions on Friday evenings and Saturday, and facilitate the community extending and social activities to all its members in line with Sabbath laws .</p>
2014/2464/P	Sara Elias	65 Springfield Rd London NW8 0QJ	07/07/2014 00:07:13	COMMNT	<p>I strongly support this application to build an eruv. This will allow Sabbath-observant Jewish people to leave their house with prams or wheelchairs on the Sabbath where they are needed. The presence of thin poles and wires will not be noticeable once installed, as has been the experience in other eruvs successfully set up elsewhere in North West London. This will significantly improve the quality of life of a proportion of the local community at no cost financially or aesthetically to the rest of the community.</p>

2014/2464/P	Robert Goldstein	Flat 12A Cavendish Mansions Mill Lane	03/07/2014 09:27:39	SUPPRT	Dear Sir/Madam, I support the Planning Application, as it will facilitate the Jewish community extending its communal and social activities equally to all its members whilst avoiding compromising Sabbath laws. Best wishes,
2014/2464/P	Rick Savage	69 Dobson Close LONDON NW6 4RU	26/07/2014 21:53:51	INT	1. While I am all in favour of freedom of religion, there must be the corollary of freedom from religion; I object to being encircled by a wire to benefit those who are free to observe or not observe their beliefs. 2. I would raise the point that Dobson Close is a private road - not adopted by the Council.
