2014/3760/P	Abdi M Hanaf	Fl-1 Egde worth House Boundary Rd NW8 0HR	09/07/2014 21:08:34	SUPPRT	<p>I am writing to support at the above mentioned Islamic centre. My children have been studying at the centre for 4 years.</p> <p>I wish to let you know that the Islamic centre has been extremely important in the education of my children. This is not only in the religious sense but also in sense that the centre has done admiral job in trying to educate my children and in understanding their responsibility to not just their own community but also to the wider community at large. The centre teaches the children about their wider responsibilities and not just restricts their educations to religious teachings.</p> <p>I can say with all honesty that my children's behaviour and attitude since attending the centre has greatly improved. I am most grateful to the centre and those who run it for making such tremendous effort in trying to educate the young people and making them aware of their responsibilities not just on a religious basis but also on a general basis. The education that the centre imparts as a great positive affect on the children and insures they come aware of the responsibilities to society in general. It improves their behaviour also.</p> <p>It is because of all the reasons I have outlined above that I plead with Camden Borough council to allow the centre to continue with their activities.</p> <p>If you require any additional information please feel free to contact me.</p> <p>Thank you</p>

2014/3760/P	Malcolm Teasdale	Flat A Cricklewood Broadway London NW2 3EP	03/07/2014 16:47:48	PETITNOBJ E	<p>I would like to voice my concern around the above application. My main concern is a noise issue. The building is mid terrace with commercial units either side and domestic accommodation above and to both sides. My flat is at the rear to the side and above and I feel that the noise generated by large groups of people gathering would be too much. The soundproofing of the 100 year old building is insufficient. They have been meeting there, already, for sometime, at various hours of the day and I do hear them but have not wished to make an issue of it so far. In my mind these buildings were not designed for community use due to the closeness of private dwellings. Even 12 months could cause a serious environmental issue.</p>

2014/3760/P	Omar Mohamed Salim	Handley Grove Cricklewood NW2 1TD	07/07/2014 20:44:14	SUPPRT	<p>I am writing to support at the above mentioned Islamic centre. My children have been studying at the centre for 3 years.</p> <p>I wish to let you know that the Islamic centre has been extremely important in the education of my children. This is not only in the religious sense but also in sense that the centre has done admiral job in trying to educate my children and in understanding there responsibility to not just their own community but also to the wider community at large. The centre teaches the children about their wider responsibilities and not just restricts their educations to religious teachings.</p> <p>I can say with all honesty that my children's behaviour and attitude since attending the centre has greatly improved. I am most grateful to the centre and those who run it for making such tremendous effort in trying to educate the young people and making them aware of their responsibilities not just on a religious basis but also on a general basis. The education that the centre imparts as a great positive affect on the children and insures they come aware of the responsibilities to society in general. It improves their behaviour also.</p> <p>It is because of all the reasons I have outlined above that I plead with Camden Borough council to allow the centre to continue with their activities.</p> <p>If you require any additional information please feel free to contact me.</p> <p>Thank you</p>

2014/3760/P	C M Catton	20 Ebbsfleet Road	08/07/2014 17:37:01	OBJ	<p>This application has already been refused by Camden and again on appeal. In spite of the fact that the community centre has laudable intentions, the site is simply unsuitable for the purpose. The centre is not used by the local population and draws users from a very wide area, including from Brent and Barnet. There is no indication that more suitable premises have been sought in those boroughs in addition to Camden. The nuisance to the immediate neighbours in terms of parking and noise from people congregating around the entrance to the premises will not abate and it is unlikely that the restrictions on numbers will be able to be policed. A temporary planning consent is absurd and simply a way of obtaining permanent consent by the back door. This application should be refused.</p>

2014/3760/P	Adan Jama	197 webheath Netherwood Street London NW6 2JU	09/07/2014 20:12:49	PETITNSU PP	<p>I live in Camden and I have been linked this place for the early days when it was opened and started serving the local community. This place is the only place of its kind which keeps together all ethnic minorities because of service it provide. I support it and I need to see this place remain open because we need to use it as a place to worship and keep our children off streets.</p> <p>I kindly asking the council to reconsider and revert the previous decision.</p> <p>Many Thanks, Adan Jama</p>
