Dear Seonaid

SCIR : Site Central - Provision of 3 new ground floor windows in existing building

Further to our recent e-mail correspondence, please find attached:

- The original and three copies of the planning application form
- The original and three copies of the site location plan
- The original and three copies of the East Elevation of the existing building showing the proposed windows
- A cheque in the sum of £195, being the planning application fee

The additional windows are required because the existing conference room in the 2002 extension is to become an open plan office space that requires daylight (the conference facility is being re-provided in the new extension, currently under construction, planning approval 2012/6550/P).

Yours sincerely

Associate
