Narrow Design to fit in Small Gap

Cleverly designed this twin bike store is accessed from the end and utilises the smallest of space with its superb design. You can keep your bikes locked away securely and out of sight and uses just a tiny area in your garden. Your bike can be accessed from the end so the width taken up by the bike shed is minimal so can slip easily down the side of the house or flat.

Secure Steel Twin Bike Locker Shed

This SafeStore unique Twin bike locker is the perfect way to protect two bicycles away from thieves. Designed for a small space with the steel door on the end for easy access and can be situated in a small gap. Make your bikes highly secure ensuring that your bicycles are sitting waiting for you when you want your bikes. Stylish and attractive this bike locker is unbeatable in the market for strength, security and innovation.

Bike Shed Rail and Three Point Locking System Included

As with all the SafeStore Secure Steel sheds this bike locker is made from extra thick, weather proof secure steel panels to protect your bicycles and has a large single door for accessing your bike whether it's a child's or adult's bike. Securely fitted with a 3 point locking system. Inside the shed locker there is a guide rail which holds your bike upright and to which you can lock your bike as a second security device. Also a set of hooks are included so you can store your bicycle helmet and bag along with you bike.

Assembly Service Available for these Bike Lockers

These superb, exceptional secure bike stores are available from this web site for delivery direct to your home anywhere in mainland Britain. Assembly - Erection service available. This stylish and compact bike locker shed is an exceptionally secure and versatile storage unit. Supplied with a 10 Year Warranty and free UK delivery*.

“ Capital Steel Garages Industrial Buildings News Stories Farm buildings at risk from tractor thieves. Farm buildings should be kept securely locked to reduce the risk of tractor theft, farmers have been advised. The Eastern Daily press reports that Lincolnshire police believe organised gangs are stealing tractors worth as much as £100,000 from farm buildings to sell the parts to other countries. A cross-border tractor squad has been established by the police... ”
