**Subject:** basement application ref 2014/3625/P 8 Lindfield Gardens

Dear Nanayaa Ampoma

My parents own Flat 3, 8 Lindfield Gardens and after reading the plans for basement flat, are concerned about potential structural damage of property as well as noise, pollution generate from building activities. We Live in conservation area and what is planned for the extension will permanently damage the facade of property. The reason we purchased the property in 1998/1999 was the character of building and the fact that it was located in lovely Hampstead in a conservation area. This is about to be tested with the planning application.

We as owners of the flat strongly oppose the planning application and hope that the council will take this into consideration by rejecting the application.

Kind Regards,
