

April 2014

40^B Rossllyn Hill Hampstead London NW3 1NH

DESIGN AND ACCESS STATEMENT

HERITAGE STATEMENT

The proposed metal ballustrading and close boarded timber screening above the parapet coping of the existing tiled roof terrace over the kitchen/dining will be of utmost reticence and simplicity, with no impact to the rear of Horace Field's listed building. The proposed alteration of the existing staircase window to provide a door to the roof terrace will be in total sympathy with the retained top half of the existing window.

Gabriel Sassower RIBA
