Your comments on the planning application: My comments are on Landscaping Strategy - Section 7.

- 1) The MUGA fencing is ugly and uninviting and makes a recreational area look like a prison yard. Do you have to use such a heavy dense mesh? It was very obvious with the playgrounds on Malden Road that the installation of this type of new fencing discouraged children from playing and the playgrounds remained empty for about 3 years. Please use a less discouraging fence for this play and recreational area.
- 2) Is it really necessary to go to the expense of "artwork railings" for the TRA Community Garden? Is it really going to make a difference to people using the area? Will they even notice it? Please don't spend money where on such an unnecessary element.
- 3) Likewise, is it really necessary to use "feature lighting" in 3 trees? Again, this seems like an unnecessary expense - and when can the poor birds sleep? Please spend the money on something more practical and useful.
