Subject: The Former Castle Public House - 147 Kentish Town Road - Consultation Response

Hi Jennifer,

Please see a response from Robert Livlock of 34 Raglan Street, NW5 3DA.

Robert attended our consultation event in July and has been unable to forward this on, but I have cc'ed him so if you need he can verify his comments.

Would you be able to put this response up on the website?

Many thanks

Sally

Dear Sally,

Thank you for sending me this. It looks good to me. It is nice that the extension is brickwork not render and is without the rendered quoins of the original building but I'm not a fan of the moulding around the windows or the glazing bars but that's a personal choice. It's a pity you have to restore the ruin as I would favour a proper brand new building (behind a replica facade if that's what the public demands). The sooner the site is redeveloped the better as it is an eyesore. I am happy for this to be forwarded to Camden if you wish.

Yours sincerely,
Robert A Livock

Subject The Former Castle Public House - 147 Kentish Town Road - Application Validated

Dear all,

Many thanks for attending our consultation events held in July. We are pleased to inform you that our application for the former Castle Public House has now been validated by Camden Council.

For your information, I have included the Design and Access Statement (including proposed plans) within this e-mail and further information on the application below.

The application has been validated under reference: 2014/5900/P under the following description of development:

"Demolition of existing building with retained façade and erection of building comprising four storeys plus basement behind retained façade of public house, change of use of basement and ground floor to B1/A2 and the first to third floor as 8 residential units (2 x 1-bed and 6 x 2-bed)".

The consultation period expires on the 9 October.

I have inserted a link to the website page below, so you are able to look through further documents submitted:

<http://planningonline.camden.gov.uk/MULTIWAM/showCaseFile.do?appType=Planning&appNumber=2014/5900/P>

If you have any questions regarding the proposals, please do not hesitate to contact either myself or my colleague Helen [REDACTED] and we would be very happy to help.

Thank you all for your input to date. We are confident that our proposals bring forward a very positive scheme for the site and we hope you will agree.

Kind regards

Sally
