Your comments on the planning application: We strongly object to the proposed extension to 15 Rosecroft Avenue and write to ask you to refuse this planning application on the following basis:

[REDACTED] in our opinion the proposed 2 storey extension would result in a significant loss of light to the side of our demise, the affected room does not benefit from any other windows consequently the loss of light to the room would have a great impact on our quality of living.

In addition to this, due to proposed new windows and balcony to the rear, the extension will also overshadow our back garden causing an unacceptable loss of privacy.

In our opinion the proposed extension will also negatively impact our residential visual amenity due to proposals to extend both upwards and outwards at the rear of the property.

We would also like to state that at no stage has the applicant consulted us or been through the plans/proposals as was stated in the applicants supporting statement. We had no prior knowledge of the proposed extension until we received the consultation letter from Camden Council.
