For the attention of Obote Hope.

Dear Obote,

We are writing on behalf of the Camden Town CAAC.

We strongly protest about these proposed fascia and signs. The designs are alien to this High Street and would be more appropriate in the area north of the Camden Town Tube Station leading to the Lock Markets. The signs are gaudy and trashy and poorly contrast with the fascia next door to the north and with the character of the adjoining Camden Head pub.

This part of Camden High Street is in a Conservation Area and we feel that its architectural character must be considered.

Yours sincerely,

Gordon Macqueen & Margaret Richardson, Co-Chairs of the Camden Town CAAC,
31 Oval Road, NW1 7EA
