For the attention of Seonaid Carr.

Dear Seonaid,

We are writing on behalf of the Camden Town CAAC.

Visiting the site today, the internal destruction of the building is underway and ground floor is covered over. So it seems useless for our CAAC to make any comment. However, we must comment that this is a scheme with very contorted plans to try to achieve maximum overdevelopment. The need to introduce voids on the ground floor wrecks the plan and it is a great shame for future occupiers to have their Living/Kitchen Dining Room in the Basement.

Yours sincerely,

Gordon Macqueen & Margaret Richardson, Co-Chairs of the Camden Town CAAC,
31 Oval Road,
NW1 7EA
