I object to this proposal. The pub garden is a real community asset and one of the reasons it is a thriving business. To build on the garden will begin the pub's decline. I believe that this proposal, made simultaneously with 2014/4554/P is a cynical attempt to make the pub unviable so that it can also become 'luxury' flats. Green space, light, social areas are important in this urban area and make it a pleasant place for residents. This over-development will destroy overtook neighbours and cause parking problems & congestion.
