Planning application address... Gravel of 101 Breckenock Rd.....
I support the application (please state reasons below)
I object to the application (please state reasons below)

Your comments

The 2 houses are NOT in keeping with the existing architecture of the street
More housing of this nature in an already overcrowded street will magnify the already existing parking problems -
Four storey houses seems excessive and will block light to residents opposite.
It appears to be an overdevelopment of the site.
