Application 2014/4949/P
65 Compayne Gardens
London
NW6 3DB

07 October 2014

COMMENTS FROM SIDNEY AND MICHELLE KRAFT

Dear Sir

We object to the above application for the following reasons.

- 1) Design of the new building of cellar conversion and extension.
- 2) Impact of noise from plant equipment.
- 3) Noise from new users.
- 4) Impact on development on traffic, parking and road safety, which is difficult already.
- 5) Building will protrude into the existing front garden and will affect the light to our property.
- 6) Number 65 is of outstanding architecture and will be detrimental to the conservation of the road.
- 7) Danger of further subsidence to neighbouring houses which already exists.

Yours Sincerely

[REDACTED]

Michelle Kraft
