Dear Sir,

15 COUNTESS ROAD LONDON NW5 2NS
Planning Application – PEX0100977

Further to your conservation officer's comments relating to our application for roof conversion, dormer window, and front roof glazing we have taken on board your comments and now enclose revised drawings for your consideration. We covered your points as follows:-

- i) The front elevation roof windows have been repositioned to line through with the façade windows and they will be flush with the existing roof.
- ii) The rear dormer windows has been revised reducing their overall height and form to maintain the ridge line.

We therefore submit these revised proposals (three copies) as described above and we ask you not to determine the application until we can discuss these revised proposals with you.

Assuming we have interpreted your conservation officer's comments correctly we look forward to recommendation for a delegated approval.

F12/3X/A.
