Telephone number..... [REDACTED].....

Planning application number..... 2014/5840/P.....

Planning application address..... Existing 527876 Northing 184929 (2nd bounded by Grafton Terrace etc)

I support the application (please state reasons below) I object to the application (please state reasons below) 

Your comments

I do not think the proposed design integrates sufficiently with the old neighborhood of Grafton Terrace and Southampton Road.  
In particular, the building which will replace the social center on the corner of Grafton Terrace and Maitland Park Road should be lower and set back.

There needs to be planned underground car parking. Denying parking permits to new residents is not a good long term plan.

So that the neighborhood + Southampton Rd. do not become a thoroughfare, keep Southampton Road one way entry at the end in front of St. Dominics and keep Maitland Park Road closed to traffic at its bottom end.

During construction, heavy trucks must use the lower end of Maitland Park Road which should be temporarily opened.
