Dear Kate,

For the avoidance of doubt, there is a duplication between conditions 2 and 3. I do note that you have already supplied a colour code and brochure in a previous email and am able to accept it as referenced below. In this instance there is nothing required as per condition 2 and 3. Condition 5 regarding the fitting and operation of the automatic timeclocks and condition 6 detailing the submission of the acoustically lined plenum shall be submitted to the local authority for written approval prior to works commencing on site are still outstanding.

Thanks,

Niall Sheehan

Niall,

As discussed conditions 2 and 3 of the consent for the vents both relate to the colour of the vents. As the colour 'Hammerite Metal Care, "Product and Colour Guide' has been agreed can you please confirm what is additionally required for condition 2 if anything.

Kind regards

Kate
