Planning application number.....

Planning application address... THE GARDEN OF 101 Brecknock Rd. N7

I support the application (please state reasons below)

I object to the application (please state reasons below)

Your comments

Building in the garden of the pub is totally and completely unacceptable  
this neighbourhood, built & designed by the Victorians will lose its character, green open space wld habitat - biodiversity. Isn't Camden supposedly protecting all green spaces in built up urban areas - which is vital to all our health.  
• this will set a precedent for all gardens and green spaces to be concreted over and devalued.  
• the houses proposed are not in keeping with the rest of the Avenue which naturally begins or ends at 135, Torriano Avenue. These proposed houses together with the development of the pub WILL RUIN the character of the street. Shouldn't Camden Council & its planners be striving to Conserve our architectural heritage and not destroy it.
