Informative(s):

- 1 Reasons for granting listed building consent.

The proposed new and replacement windows and rooflight and new door are considered to be appropriately positioned and designed. The proposed alterations will impact primarily upon the non-original extension, and there will be no loss of significant or historic fabric. The proposal is considered therefore to preserve the building's special architectural and historic interest.

The site's planning history was taken into account when coming to this decision. No representations were received as a result of consultation.

Special regard has been attached to the desirability of preserving the listed building and its features of special architectural or historic interest, under s.66 of the Listed Buildings and Conservation Areas Act 1990 as amended by the Enterprise and Regulatory Reform Act (ERR) 2013.

As such, the proposal is in general accordance with policy CS14 of the London Borough of Camden Local Development Framework Core Strategy, and policy DP25 of the London Borough of Camden Local Development Framework Development Policies. The proposed development also accords with policy 7.8 of the London Plan 2011, and paragraphs 14, 17 and 126-141 of the National Planning Policy Framework.
