Hello Tessa,

In reference to the above application, I do not wish to object to the application but on the basis of information available to me I recommend that any approval that might be granted be subject to the following conditions:

Construction and associated activities at the development, audible beyond the boundary of the site should not be carried out other than between the hours of 0800 - 1800hrs Mondays to Fridays and 0800 - 1300hrs on Saturdays and at no other times, including Sundays and Public/Bank Holidays, unless otherwise agreed with the Environmental Health Officer.

At least 21 days prior to the commencement of any site works, all occupiers surrounding the site should be notified in writing of the nature and duration of works to be undertaken. The name and contact details of a person responsible for the site works should be made available for enquiries and complaints for the entire duration of the works and updates of work should be provided regularly. Any complaints should be properly addressed as quickly as possible.

If you have any queries, please do not hesitate to contact me.

Regards
