My objection as always is parking spaces a possible 16 extra cars with no parking. This would put an enormous strain + problem for the current residents and the local amenities. Especially water use. You know what has happened at the other end of the road.

  
This project needs underground parking not rooms

I object to the application as it would create noise. As I am often working from home, I am worried that it would prevent me from making phone calls at home. This house is very close to me.
