Your comments on the planning application: Dear Ms Craig, We support the application to install electronically operated gates to the rear courtyard of Prince Arthur Mews.

- 1) The whole of Prince Arthur Mews is a private road and not subject to Camden parking restrictions. As such the rear courtyard acts as a magnet for shoppers and tradesmen visiting the area and seeking somewhere to park.
- 2) The existing manual gate has been in place for over 35 years and is now in a poor state. Until it was vandalised it was both lockable and kept locked, thus preventing unauthorised vehicle access.
- 3) Having personally experienced 6 burglaries in 5 years we have been strongly advised by the police to improve security.
- 4) Because of the secluded nature of the rear courtyard it has attracted the attention of late night revellers, with consequent noise, rough sleeping and anti-social behaviour.

Yours sincerely,

Steve and Lesley Lawson
