Dear Angela,

We would like to raise our objection to the proposed development. We feel that there are several issues:

- As it projects beyond the back line of the existing house, it will obstruct light to neighbouring gardens as well as interrupting the view from our flat.
- It does not follow the built form of the street.
- We feel that the design is of a very low standard and is not suitable for the area. It also looks like it will be constructed from poor quality materials.

Yours faithfully,
