Subject: Comments on proposed work

Ref: 2014/4589/T Intended tree works.

Dear Sir,

I object to the removal of the Leylandii trees bordering 14 Kidderpore Gardens/Ferncroft Avenue.

This trees act as sound barrier from the large number of children who play outdoors in the gardens whose parents seem

unaware that the noise carries due to the enclosed buildings all around them.

Without the trees the noise situation will be made

worse. (including regular hedge trimmers and leaf blowers).

I trust the planning application has been circulated to households in Ferncroft and Heath Drive.

I have no objection to the trees being cut by a third. However I object to them being removed completely.

Yours,

Ms S Grossman
