I support the application (please state reasons below)

I object to the application (please state reasons below)

Your comments

This work would adapt the house more usefully to modern requirements — particularly it would enable a whole family to live with proper kitchen facilities in the basement in addition to providing convenient family facilities for those living above.

The inadequacy of the present arrangements means that much of the present accommodation is wasted space while other parts are compressed uncomfortably

We, as No 7 are glad to support the improvement as No 9.

Please continue on extra sheets if you wish
