My enquiry is

I have searched your website for info on 2014/2464P without success.

Please note I wish to register my strong objection to the Brondesbury Eruv application to cover my distant neighbourhood. The addition of yet more street obstructions will make the place look even more cluttered than it is now. Also, I have no wish to be included in a marked ghetto, whatever denomination it is. I have lived here happily for 44 years and I do not wish to be transferred to another territory--- because that is what it will feel like. Also thin nylon wire will be a definite hazard to the birds that make living in this area such a delight.
