Subject: Re: proposed Paddington Bear Statue on Primrose Hill

To whom it may concern.

We object to the above proposal.

I guess it's a marketing ploy to coincide with the Paddington bear film that was recently filmed in part on location at Primrose hill?

I think Paddington Station would be a more appropriate setting and sint there already one there?! (as that's where he was found in the story).

Was the proposal for a temporary or permanent installation?

Perhaps they could erect the statue in the public St Georges gardens adjacent to Primrose Hill (St Georges Terrace) in exchange for replanting the garden and also refurbishing the ubiquitous red phone boxes there instead!?

Subject: Paddington Bear on Primrose Hill

Dear Planners,

I have just seen your notice of an application to erect a statue of Paddington Bear on Primrose Hill.

I would like to record my very strong objection to a beautiful public space being used as a hoarding to promote a commercial enterprise.

Yours sincerely,

Anne Rebello
