Dear Karen Scarisbrick,

I wrote some fulsome remarks in respect of associated Planning Application Consultation ref 2014/2866/P in, I think, May 2014. I'd be grateful if you would transfer those comments to this new, revised, Planning Application.

My computer is hors de combat, as am I to a lesser extent, and this copy and paste job is too much for my smartphone and me at present!

Many thanks in anticipation,
