Dear Sir or Madam

27 JUN 2014

re. 100 Avenue Road / Planning
Application 2014/1617/P

I should like to register my protest
regarding the above Planning Application.
The site at present is a ~~very~~ very
attractive and peaceful area for the
people living around it. This has only
just been finished in the last few
years.

A 24-storey tower does not fit into
this area - no more shops and/or
restaurants are needed but some

2

residential building might be of use but only 8-10 storeys high.

How would any new building works fit in into the present occupation of the site? At the moment it is used by children from nursery school age to secondary school age. Cyclists also come through it.

I feel that any planning consent to allow the proposed developers to carry out their over the top plans is motivated by pure greed on their part, and I object strongly to their attitude

Yours faithfully
CR Caplan (nurs)
