Modern pestilence.

Re 87 Goldhurst Terrace N.J.

Of course I am against this application. It is right next door to me.

According to the Ham & High many adjoining properties have been adversely affected by basements + building. The soil below is inappropriate. Houses slump. Roads collapse - Karen Buck's Bill ran out of time. Surprise. Surprise.

Hope it will be possible for Karen Buck or someone else to try again before they get to 87 Goldhurst Terrace.
