Your comments

- ① What happens to mesh panels at back of building?
- ② Noise - air conditioning units humming at night. Could this be sorted at the same time as extensive building works.
- ③ Dust - kept to a minimum by the workmen.
- ④ Could it be made mandatory that no building work continues between the hours of 6pm - 8am. Last time extensive building work was undertaken by this Care Home the work on the roof extension was continuing into the early hours!
- ⑤ What will be the effect on traffic both on Boundary Rd & Rowley Way. Will due care be exerted to protect children en route to their schools nearby?

all the above needs to be taken into consideration before any work commences.
 Please continue on extra sheets if you wish.
