Dear Mr Collins

Planning Application Consultation

I refer to your letter dated 5 September 2014. I set out below my reasons why I feel that the planning permission to the rear of 2 Willoughby road and 70 & 80 Rosslyn hill should not be granted for following reasons:

1. I have been residing the building for last 20 year and I am very elderly lady
2. I feel that in a small plot the development is big with minimum amenity space provided
3. The side extension of the planning permission to the rear of 2 Willoughby road and 70 & 80 Rosslyn hill is obstructing the light thorough the windows of my first floor which consist of 2 bathroom. One bathroom have no light coming through the window and other window will be completely closed. And my second floor light will be affected. The light in Hall will also be reduced considerably and make the flat very dark.

I trust you will be able to acknowledge and accept this objection against planning application.

You're sincerely

Mrs A Khatun
