

Dear Gerry

Further to your site visit this morning, I can confirm that we would like to amend our application.

Please remove ; cut the tree branches vertically at boundary of 48 Glenloch Road

Please add; reduce the entire tree by no more than 30 % to maintain the health of the tree. The work will be carried out professional by a tree surgeon.

We look forward to hearing from you. Please can you confirm this is ok and the expected timescales for obtaining permission to proceed?

Kind regards

Emma
