It destroys the symmetry of the houses and in fact erodes the intactness of the whole of Bromwich Ave which all share similar door styles as do the rest of the Estate.</p> <p>The side extension is totally out of character with the rest of the house and is over large , taking in a large portion of the garden taken together with the large rear extension.It over develops the site , almost doubling the original footprint of the house and has a huge impact when viewed from the side or approaching from the south side of Swains Lane.</p> <p>The height of the side extension and the style of building and finish are totally out of character with the original building with differing glazing.</p>
