2014/5546/P	Mr R Jagessar	33 Rousden Street Camden NW1 0ST	07/10/2014 19:39:31	COMMNT	As the current owners of 33 Rousden Street we strongly object to the proposed construction of the rear extension to 38 Randolph Street. We understand that no planning permission was ever granted for the existing extension which abuts our outside wall. The proposed construction, from the drawings, intends to use our gable wall and encroach into our back yard. We have an extractor from our kitchen on our gable wall through the air brick. We are not convinced that the supplied drawings of the existing are correct and demand a site visit to ascertain their accuracy. We had substantial work carried out on our gable wall when we extended into the loft and we are concerned that any development will further weaken our foundations and our home.
