2014/5884/P	Hayley Syrad	Flat 6 37 New Oxford Street London WC1A 1BH	24/10/2014 14:14:08	COMMNT	I am in favour of the windows being double glazed because at present the windows are ill-fitting so a draught comes through and my flat becomes very cold in the winter. I just hope that the work does not take too long or inconvenience me too much. I would also like to be kept informed at all times about the work progress etc.
