Your comments on the planning application

I object to the planning of secondary glazing as my landlord informed me he will not install new windows with double-glazing but instead build another set of glazing in front of the existing windows inside of my flat. As I pay good money to live in this apartment I don't want it to be ruined from its appearance by a strange looking installation. If you can ensure "normal" windows with double-glazing that will replace the windows which are now in use, I support the planning.
