The distortion of this lovely church by the inappropriate development of the under-croft and use of the forecourt as a car park mar this iconic, listed building. No further development should be allowed.

2014/6187/L	Myra 'Bubbles' Polya	32 Heath Hurst Road London NW3 2RX	28/10/2014 23:55:40	COMMEMP ER	St. John's Church, Downshire Hill Hampstead NW3 1HU. Is an iconic Hampstead landmark already marred by the inappropriate development of the under-croft, and the distortion of the forecourt into a car park. The church is a listed building, in a prominent position where Keats Grove meets Downshire Hill. No further development should be allowed.
