Planning application number..... 2014 / 0275 / P

Planning application address..... 32-33 Hatton Garden

I support the application (please state reasons below)

I object to the application (please state reasons below)

Your comments

Hatton Garden has been a historic jewellery quarter for over 200 years, and this adds a remarkable character to the area, to London, and to UK. Recent trend of residential property domination to the area is outrageous as it only pushes out these skilled craftsmen and young designers out of the area, and out of business. Residential buildings can be built elsewhere, whilst the history would NEVER be rebuilt once it has gone... Many thanks. Nao Utsumi
