**Subject:** recent planning applications

Bartholomew and Kentish Town wish to make the following comments regarding planning applications.

2014/5242/P 119 A islip Street All windows must be wooden and match the windows in surrounding properties e.g Victorian . We believe Hard paving of front gardens does not fit with Council policies.

GPDO/5309/P We would like the current windows kept , as they are in keeping with the area .

2014/5951/P 41 Lady Margaret Road we do not feel the glazed balustrade is appropriate as it does not respect architectural features of the area, also the fish scale slating must be retained as this makes a positive contribution to the area.

Celia Goreham on behalf of Bartholomew Estate and Kentish Town CAAC.
