Your comments on the planning application

I am the owner and occupier of the lower ground flat at 41 Rossllyn Hill.

I am in support of the Application with the following proviso's;
1. Appropriate and thorough surveys and engineering investigations are conducted to ensure the integrity of the build is maintained and prevents any risk to neighbouring properties.

Planning Application Details

2. There is a fully approved Construction Management Plan in place and that it is carefully monitored, with consideration given to noise, pollution, disruption and tidiness of public areas affected.

The applicants are known to me and I feel assured that they have considered their neighbours concerns and will ensure that things run smoothly and in the event of any issues will be HERE and not thousands of miles away to resolve matters quickly. I know they are easily accessible and understanding which is a major factor in builds of this nature and size.

Given the above i am in support of their application.

Mr Bhupen Parmar
