

3.3.8 Awnings

ES15: Awnings to Signage

Manually operated / electrically operated (subject to site constraints) full cassette retractable fabric awning.

Design: Purpose made, fullwidth (made in sections if required) above shopfront and below fascia line, with sloping section in Costa burgundy fabric. Valance also to be in burgundy fabric with white "Costa" name at the left or right in approved Costa type face. As the photo shows the if there are a number awnings facing the same direction the white "Costa" logo should not applied to every Valance.

Supplier: Shades of Comfort

Please note:

Where 'Costa' Fascia Signage cannot be used 'Costa' Logo should be placed on sloping section in white.
