DATE

Dear Ms Peck

TOWN & COUNTRY PLANNING ACT 1990 (AS AMENDED) NATIONAL PLANNING POLICY FRAMEWORK 2012

Kings Cross Central Gas Holder Triplets

Erection of Gas Holder Triplet guide frames, and associated installation of light fittings.

Archaeological investigation

Thank you for your consultation dated 22/10/2014.

The Greater London Archaeological Advisory Service (GLAAS) provides archaeological advice to boroughs in accordance with the National Planning Policy Framework and GLAAS Charter.

Archaeological evaluation trenches have been excavated in advance of re-erection of the Triplets and a written scheme of investigation for an archaeological watching brief agreed (see attached) to comply with condition 56 of the outline planning consent. I therefore have no further comments in relation to proposed re-erection.

Please do not hesitate to contact me should you require further information. This response relates solely to archaeological issues.

Yours sincerely

Sandy Kidd
