Your comments on the planning application

My concern is that the large new window proposed on the side of the house will have an impact on the privacy of ground and first floor flats at 176 Regents Park Road.
My concern is that the large new window proposed would have an impact on the privacy ground and first floor flats at 176 Regents Park Road.
My flat is in the first floor and has a very private, unoverlooked outlook. It appears that the window would have frosted glass or I understand that to be the case . I have tried to have this confirmed by phone to the Planning department but have not managed to find anyone available

and no-one has phoned back. Even if the current plan is for frosted glass, what is to stop this being changed to clear glass at some point in the future?
I would object to clear glass or the possibility of it being introduced in the future. The side of 1 Berkley Road and the back of 176 Regents Park Road are in close proximity.
