2014/5484/P	Michael Evans	47a Hampstead high st	06/11/2014 11:57:23	OBJ	<p>Ann Sullivan and Michael Evans, being the freeholders and owner occupiers of 47a Hampstead High Street, NW3 1QG, would like to oppose the planning application for the construction of a terrace to the rear of 46/46a Hampstead High Street, NW3.</p> <p>We have many concerns why the planning application should not be granted and will submit a more complete argument by mail shortly. However the key reasons the planning permission should not be granted is as follows:</p> <ul style="list-style-type: none"><li>• The proposed terrace is 3.5 metres above the ground floor of 47a Hampstead High St, NW3.</li><li>• It looks directly into the Kitchen through the glass roof of 47a Hampstead High St, NW3.</li><li>• It towers over the garden of 47a Hampstead High St, NW3.</li><li>• It is 1 metre away from our first floor bedroom windows</li><li>• 47a Hampstead High St, NW3 will be overlooked to an unreasonable degree</li><li>• As a consequence we and our children will lack a basic level of privacy that we feel we are entitled to.</li></ul>
