Attn Alex McDougall

Dear Mr McDougall,  
I'm concerned that I have not been notified by you as the owner of a nearby property. You have notified the 2 adjacent neighbours to the south and various properties in Belsize Grove, but only the immediate neighbours to the North, omitting myself. Luckily I read the Ham&Hi.

I wish to lodge my strong objections to any further excavations in this street, particularly the plans for the rear. Do you have any drawings yet?

Dear Camden Planning dept.  
I strongly object to the planned excavation so close to my house which is on a sliding slope held together only by the terrace!

I will hold not just the developers but also Camden council responsible for any resulting damage to my property if this were granted permission.

Please refuse,  
Yours sincerely,
