Thanks Gideon – yes Cllr Quadir and Cllr Kelly object.

I understand the objections are:

1. There is no need for another gym in the area
2. The basement construction and development will cause huge disruption to the surrounding businesses
3. Local residents tell me the developer has a poor record of working, including with the local community

Ben Thompson also objects because: *"I rent a commercial business space here and have spent the last year in chaos with the present building work. The new proposal will destroy our peace and is directly in front of our entrance!"*

Please see email chain below. Hope this makes sense, let me know if not.

Many thanks,

Beth

Noted,

Cllr Quadir & Cllr Kelly shall be noted on the above with an objection.

Is this correct?

Thanks Ben, will do.

Beth, could possibly also log this as an objection? Thank you so much.

My very best wishes

Dear Alison,

Jonathan kindly forwarded me your email in relation to the basement.

I rent a commercial business space here and have spent the last year in chaos with the present building work. The new proposal will destroy our peace and is directly in front of our entrance!

Please include me in this lobbying effort as the disruption will mean I will need to take action too

Many thanks

Dear Beth, I'm really so sorry. I need to learn how to use the site.

But in the meantime could you possibly log this an objection from me?

My objections are

1. There is no need for another gym in the area.
2. The basement construction and development will cause huge disruption to the surrounding businesses
3. Local residents tell me the developer has a poor record of working, including with the local community.

My very best wishes and thanks
