| 2014/6735/P | Linda Willmott | Flat 84 25 Gresse Street London W1T 1QP | 12/11/2014 18:33:12 | COMMEMP ER | I strongly oppose the installation of 3 plant enclosures on Application No 2014/6735/P as this will cause noise nuisance to the flats close to the proposed installation. 25 Gresse Street residents already have an outstanding noise abatement close to the area proposed. We have endured 2 years of noise, dust and disturbance while very extensive building works have taken place on this development and it is time to give residents some peace |

| 2014/6735/P | J Ornelas | 25 Gresse Street | 12/11/2014 16:32:19 | COMMNT | The increasing noise of the units will be added to the running operations. We already have one of the most noisiest streets in central London and cannot afford to have more noise |
