Sorry my recent email went pear-shaped.

Basically I want to protest at the proposed demolition of 26 Netherhall and substituting it with a very large residential (?) property. Thanks for the

1. Noise and disruption for a very long period
2. Extra traffic and lack of parking for existing residents and visitors.
3. With all the schools in the area, danger for unaccompanied children
4. Netherhall is a conservation area, and the proposal for a new 4 storey building with basement and sub-basement would seem totally out of proportion with the existing very pleasant neighbourhood.
