Dear Sir/Madam

DECISION

Planning (Listed Building and Conservation Areas) Act 1990

Listed Building Consent Refused

Address:
85 Gower Street
London
WC1E 6HJ

Proposal:
Installation of 1 no. microcell antenna and associated equipment.

Drawing Nos: Site location plan, 200-C, 300-C, 400-C, 500-C, 600-C, 600-B, 602-A

The Council has considered your application and decided to **refuse** listed building consent for the following reason(s):

Reason(s) for Refusal

- 1 The proposed antenna and associated equipment, by reason of their siting, scale and appearance would cause detrimental harm to the special interest of the listed building, contrary to policies CS14 (Promoting high quality places and conserving our heritage) and DP25 (Conserving Camden's heritage) of the London Borough of Camden Local Development Framework 2011.

Informative(s):

- 1 You are advised that there is no record of any consent being granted for the existing communications boxes on this building. You will either need to remove this equipment or apply for retrospective planning permission and listed building consent within the next 3 months or enforcement action is likely to be taken.

You can find advice about your rights of appeal at:
